June - 25-12 - your card  
received yesterday P. M. and it  
was indeed real nice to have  
your note that you would  
come up next week, just  
at the time to visit your  
brother of your mother.  
any time, (see) we will  
try and find something to  
write and let me know day  
you will give us a good  
my dear & Stephens.
